Steps for Numbering a Fraction Number Line
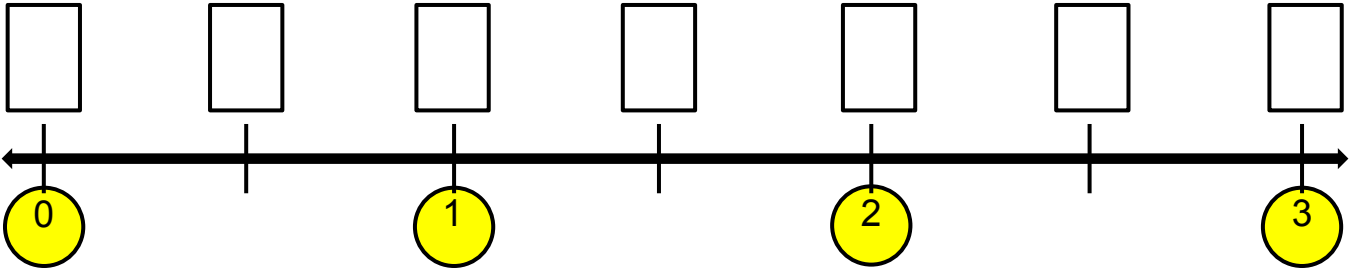

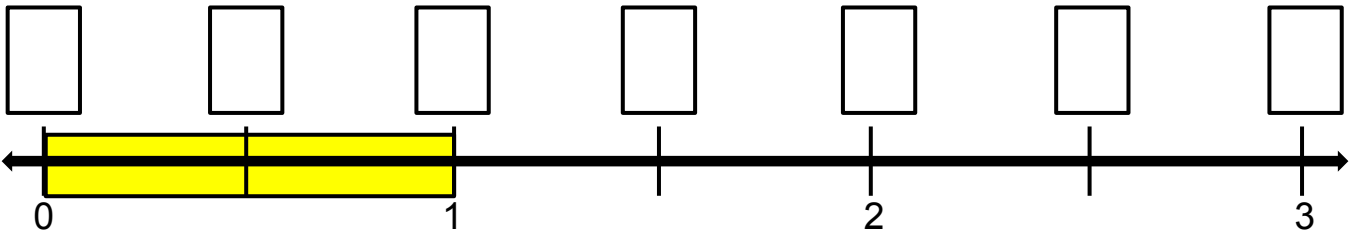

1. **Look at the number of wholes**

2. **Zoom in on one whole**

3. **Count the number of spaces between 0 and 1** (this number is your denominator!)

4. **Start at zero and then add one to the numerator at each fraction mark**
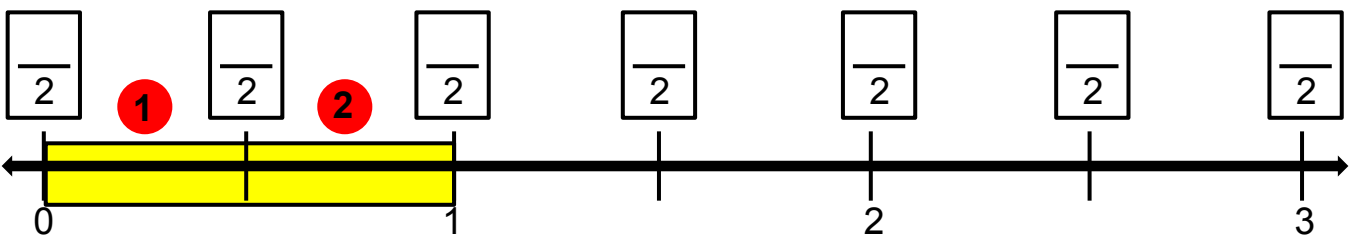

Steps for Numbering a Fraction Number Line
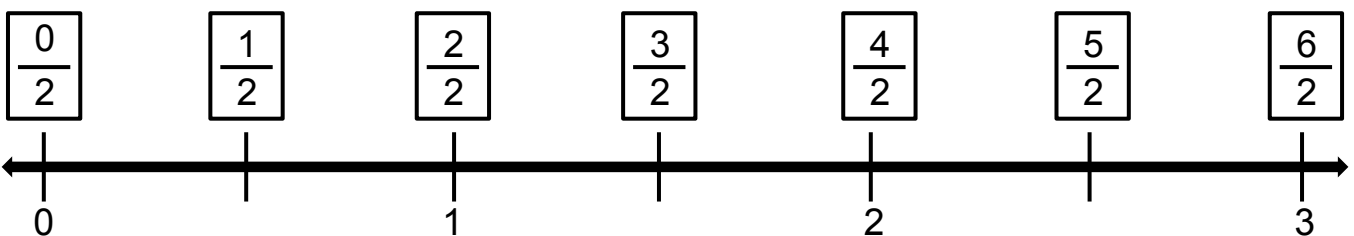

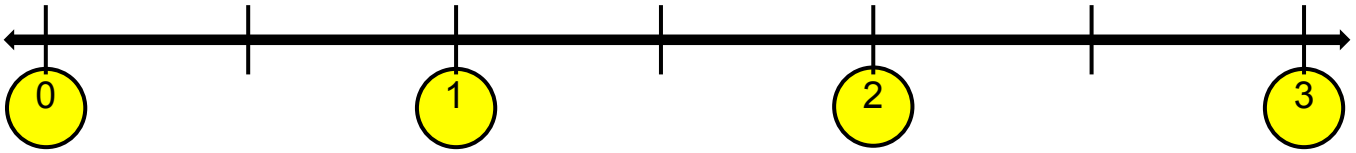

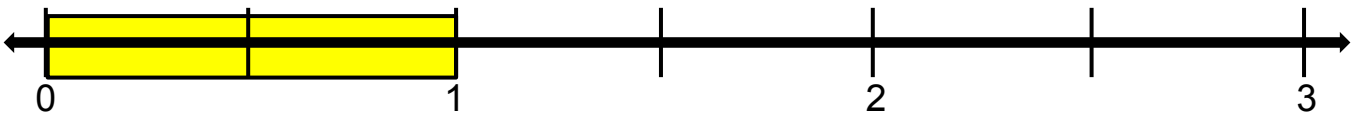

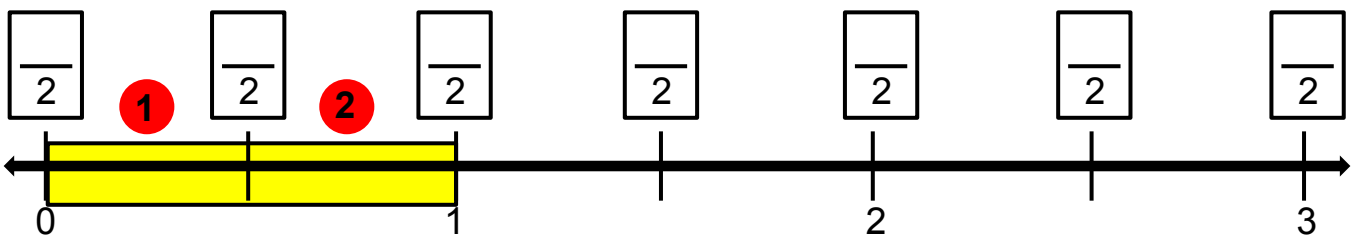

1. **Look at the number of wholes**

0   1   2   3

2. **Zoom in on one whole**

0   1   2   3

3. **Count the number of spaces between 0 and 1** (this number is your denominator!)

$\frac{}{2}$ 1 $\frac{}{2}$ 2 $\frac{}{2}$ $\frac{}{2}$ $\frac{}{2}$ $\frac{}{2}$ $\frac{}{2}$

0   1   2   3

4. **Start at zero and then add one to the numerator at each fraction mark**

$\frac{0}{2}$ $\frac{1}{2}$ $\frac{2}{2}$ $\frac{3}{2}$ $\frac{4}{2}$ $\frac{5}{2}$ $\frac{6}{2}$

0   1   2   3
