

Moonachie School District – March 2021

Live & Remote Instructional Calendar

COVID-19 Spread in NJ continues to decline. The Rate of Transmission is the lowest it has been since early Fall. As a result, we will continue with our plan to gradually add time to our Live Instructional Programming. For March, **TUESDAY'S will be added for LIVE Instruction. Monday's will Remain Fully Remote.**

****All Sanitation, Social Distancing, Masks, MyMedBot, and Preventative Policies/Procedures remain unchanged.****

La propagación de COVID-19 en Nueva Jersey continúa disminuyendo. La tasa de transmisión es la más baja desde principios del otoño. Como resultado, continuaremos con nuestro plan de agregar tiempo gradualmente a nuestra programación de instrucción en persona. Para marzo, **se agregarán los MARTES para la instrucción EN VIVO. El lunes seguirá siendo completamente remoto.**

**** Todas las políticas / procedimientos de saneamiento, distanciamiento social, máscaras, MyMedBot y preventivos permanecen sin cambios. ****

Please Remember, if at any point the Northeast Region enters RED (Very High) on the New Jersey Department of Health COVID-19 Activity Level Report, we MUST implement FULL Remote Learning. If this occurs, Mr. Knipper will communicate the change to programming as quickly as possible.

Recuerde, si en algún momento la Región Noreste entra en ROJO (Muy alto) en el Informe de nivel de actividad COVID-19 del Departamento de Salud de Nueva Jersey, DEBEMOS implementar el aprendizaje remoto COMPLETO. Si esto ocurre, el Sr. Knipper comunicará el cambio a la programación lo más rápido posible.
