March 29th, 2021

Moonachie Families & Friends –

This letter is to notify you that:

Robert L. Craig School has **ONE** confirmed COVID-19 case, contact traced to an exposure outside of School. The individual reports to be feeling well.

- Robert L. Craig School will remain **Open**.

The Moonachie School District continues to work closely with the Bergen County Department of Health and adhere to all of their recommendations. We are following all policies and procedures the district developed in accordance with CDC, State, and Local health guidance to ensure the health and safety of everyone within our community.

As of this publication, there is no evidence of in-school spread from this case. As always, please communicate with Nurse Gallo should any symptoms arise.

All CDC recommended mitigation & prevention strategies remain in full effect.

Every parent whose son/daughter has been identified to have been in contact with the person who tested positive, has been notified. If you did not receive a call, your child was not identified as a contact.

With each and every case, we will follow our district plan. The plan outlines a procedure that we are required to follow (which includes working closely with our local health department). When a confirmed COVID case occurs, we will follow the outlined procedures and we notify specific students and staff individually, who may have come in contact with the individual(s) and follow up in writing. I then send a letter notifying the community of the situation.

We will continue to keep our school community informed when confirmed COVID cases arise.

Should you have any questions, please contact me directly at jknipper@moonachieschool.org or (201) 641-5833. Stay safe.

Sincerely,

James Knipper
Superintendent/Principal
