December 17th, 2021

Moonachie Families & Friends -

This letter is to notify you that two (2) additional Positive Cases for COVID-19 was confirmed today. Contact tracing is ongoing.

- Both individuals are Fully Vaccinated.
- These cases are NOT connected to each other.
- One (1) case is suspected to have been contracted outside of school.
- One (1) case is unconfirmed its source, but is possibly from in-building spread. We don't have any other positives in that room to trace to but there are others pending test results.

Both individuals are feeling well.

All five (5) cases this week have been fully vaccinated individuals. Community spread, across our area, over the past 10-days has been very concerning. We urge everyone to be conscious of where you are going and for how long. Unfortunately, NJ has seen a huge uptick in Vaccinated people testing positive. While symptoms are low, vaccinated people can still spread the virus to others.

Every parent whose son/daughter was identified to have been in close-contact with the person who tested positive, as defined by the NJDOH for schools, has been notified and subsequently quarantined. If you did not receive a call, your child was not identified as a contact.

The Moonachie School District continues to work closely with the Bergen County Department of Health and we are following the policies and procedures the district developed in accordance with CDC, State, and Local health guidance to ensure the health and safety of everyone within our community.

We will continue to deliver as much information as possible in a timely manner.

With each Positive Case for COVID-19, we will keep our school community informed.

Should you have any questions, please contact me directly at jknipper@moonachieschool.org. Stay safe.

Sincerely,

James Knipper
Superintendent/Principal
